

Step 3 Transcript:

Step three: It's time to go to class!

We know you have a lot going on and may have to juggle going to class and studying with work, kids, and other responsibilities, but investing in your future is going to pay off.

Once you start classes, you'll meet people in your program who are working towards a similar goal, to finish their diploma.

And the teachers in your program will help you learn the material and support you along the way.

19 million adults have gone through this process and successfully earned their High School Equivalency Diploma.

So don't worry, you're not alone and you will be prepared after taking the right classes!

Now you're ready for step four.
