

### **Step 5 Transcript:**

Step five: Take your real test!

After you've been to your classes and done your practice tests, it's game time!

Time to do what you've been studying for.

Time to take your test and finish your diploma!

Your teachers will provide you with information on how to register and be prepared for the appropriate test in your state.

They'll guide you through the process.

You might get to take the test for free or have to pay a fee, it varies by state.

Your local instructor will be able to give you more detailed information on your state.

What you need to do, once you're registered for the test is get in there and own it!

Moving onward and upward, step six awaits.
